Juneteenth

Discussed Juneteenth celebration held on June 21 in Lyman Point Park – positives, needs, and suggestions for the future. Agreed for each person to update the Juneteenth working spreadsheet.

Committee Membership

Susan Mullens was approved by the Hartford Selectboard for a second term. Pat has been brainstorming ways to get additional community members on the committee. It was noted that there has been a scheduling conflict with the Hartford School Board, making it difficult for that individual to participate in HCOREI. There needs to be better contact with the schools to get a student member for the committee.

Pat gave updates on what this group has been learning.
